DAVE ANDERSON - SPEAKER

I truly believe people follow us because of WHO WE ARE and not because of what we can do. Whether I am keynote speaking or leading seminars I am told over and over again, "No one is talking about this stuff, Dave." If other experts do talk about character or integrity, they tell us we must have it, but they rarely explain how to develop character or integrity.

If you want:

- A speaker who provides more than just a sugar high and actually pushes audiences to grow
- A passionate Character Evangelist who challenges the leadership status quo
- A real plan for growing *Leaders of Character* in your midst

Email me to set up an appointment to discuss how I can serve you or your team:

I wrote **Becoming a Leader of Character** (Amazon orders: bit.ly/LOCBook) with my father General James L. Anderson USA Retired, in response to the leadership crisis in our culture today. Coach Mike Krzyzewski, Ken Blanchard, former West Point Superintendents and Fortune 500 leaders have all endorsed our book.

Becoming a Leader of Character at work changes how someone leads at home and in their communities. No other business-based training has more impact on our society than developing leaders. This is how I intend to impact the world my kids and your kids will be inheriting - by helping companies develop the leaders in their midst to become *Leaders of Character*.
